Thank you for the fact sheet. To bad Dan is not able to come to the FUSRAP Oversight Meeting tonight.

Regarding the community mailing list you mentioned below – How is that mailing list generated? Can MDNR have a copy?

If we can be of any assistance regarding the upcoming public meeting you are planning in 2013, please let us know.

Thanks again.

Subject: West Lake Landfill Site Update - November 2012

FYI.....Fact Sheet attached for your use. This afternoon, I sent it to the City of Bridgeton, our Congressionals, and the State Senators and Reps. Cecilia Tapia, our Superfund Division Director, is sending this out today to the Missouri Coalition for the Environment. The Fact Sheet will be sent via mail to the community mailing list first thing tomorrow morning.

Dan is at the landfill this week conducting gamma scan measurements at the monitoring wells.

We are anticipating hosting a public meeting in January 2013 to share the gamma scan data, as well as the groundwater data.

Debbie
